

What Does Montessori Education Offer Today?

From the Toddler level through the Elementary, experimenting is a natural phenomenon. Students engage in “the science around us” ensuring that 21st century skills are developed. Montessori education engages children’s imagination through action and reflection, encouraging critical thinking as they “solve” the mystery of “how we know.”

Montessori education offers a curriculum that analyses difficulties and breaks the concepts into manageable units for the child at each step. This attention to detail supports skill development and allows an element of discovery which heightens student engagement.

Education is more than knowing facts. It provides a preparation for life – the practical application of skills in real-world settings. In an educational context that is often fractious, we are reminded of an essential Montessori tenet, which is to *advocate for the child*.

At TMI, we are proud of our Montessori heritage and believe that this pedagogical approach offers answers to many of the challenges that societies face today.

TMI promises to be part of the future by investing in our students today.

Join us on April 26, 2014 for a Workshop on a comparison between the Montessori and Ontario curriculum. The workshop will be offered in two sessions. Early Childhood will focus on Language, Personal & Social Development and Science & Technology. Elementary will focus on Language and Science & Technology.

Please contact our Registrar at 905-889-6882 Ext. 242 or tmi@tmsschool.ca and look for more information on our website.

Why TMI Teacher Education?

At TMI We:

Engage our students in an effective and enjoyable community of learning.

Enable over 90% of our students to earn offers of employment.

Actively collaborate with Montessori schools across Ontario and in some cases, schools around the world, to provide meaningful practicum experiences.

Provide excellent one-on-one instructor assistance for our adult learners.

Offer a greater number of contact hours in which to interact with instructors.

Effectively support students wishing to participate in the Ontario Student Assistance Program (OSAP).

Build an outstanding community in a diverse group of learners with a rich range of backgrounds and varied ages.

Community Events

Raise the Roof Campaign

TMI teacher-in-training supervises TMS students as they raise funds for the 2014 *Raise the Roof Campaign* by selling toques during the lunch hour. The national campaign has raised over \$3.5 million towards long-term solutions to homelessness. Through their involvement and initiative, students come to understand that each person has something to contribute and the opportunity to make a difference. Creating these opportunities within TMS, TMI teaches students to look after others and fosters responsible citizenship in the School as well as locally.
