

## A Legacy of Excellence; Be A Part of It!

While visiting a practice teacher in an elementary class last week a little girl asked two important questions: how old are you and how many students have you taught? The answer to the first, an honest answer, stays between the child and me. The answer to the last is multiples of 100.

For 47 years TMI has been supporting the Montessori community by incorporating Montessori principles in all aspects of teacher education, creating a Legacy of Excellence. TMI graduates can be found in schools all over the world.

During those 47 years, TMI has progressively moved forward with the needs of the adult learner. TMI offers different course modes that uphold the integrity of Montessori training and prepare students to begin or further develop their teaching careers.

The summer mode programs are a practical solution to teachers who are in classrooms or will be in September. New Infant/Toddler and Early Childhood (Mississauga Campus) programs begin this summer. The summer Elementary program continues with the 9 through 12 component. The course is open to anyone holding a 6 through 9 diploma and would like to complete their elementary training.
