

The TMI Update

A Monthly Newsletter Written by the Toronto Montessori Institute

AFTER 7 THRIVING YEARS OF INFANT TODDLER TRAINING FULL ACCREDITATION (Renewal)!

The summer students had the opportunity to participate in the Infant Toddler program's MACTE reaccreditation process. The MACTE team had a very successful visit, spending time at TMI as well as visiting practicum sites, speaking with alumni and new graduates. Once again TMI would like to thank everyone who spent time with the MACTE team during their visit and has supported the program throughout the year. The On-site team reported that: *"Those interviewed commended the Exemplary lab school as a high standard of excellence as a physical space, both indoor and outdoor, for the greater Toronto Montessori community. We also concur and were struck by the gracious support network of staff available to the Adult Learners within the Lab School model."*

THE GLOBAL CITIZEN IS ALIVE AND WELL AT TMI

TMI provides an international association for several Elementary I & II Summer Mode students. The opportunity to gain training or expand one's Montessori knowledge and teaching qualifications over the summer allows TMI to attract students worldwide.

"As an international student, I feel that the TMI team really provides tremendous support. There is a lot of work but the support is endless. I never feel alone even though I am thousands of miles away from home. I will only recommend TMI for all Montessorians in my country." Thoughtfully written by Emmy Suparmin, an international student and school administrator from Indonesia

Many international students enjoy practice teaching within the TMS lab school under the mentorship of experienced Montessorians. Global connections allow TMI and TMS to live out our Montessori ideals.

September 2012
